

Hibiki Blender's Choice

Stepping up to fill the gap left by Hibiki 17's absence is the newly unveiled "Hibiki Blender's Choice" release. This release is another NAS (No Age-Statement) whisky that includes carefully selected vintages, married together by Suntory's team of expert blenders. The addition of a few wine cask-aged whiskies in the blend delivers a round, well-balanced profile and immense depth. Just released in 2018, this bottle is already a top choice among Hibiki fans.
